Dear Governor Pineda;

This is in reference to the on-site joint inspection of this office as the lead team with representatives from PPDO, ENRO and PDRMO regarding the request for the installation of three (3) units Deep Well at Palimpe, Masantol, Pampanga.

According to the report, the inspection was conducted last July 17, 2024 by the team which recommends the approval of the request to resolve the issues on water insufficiency of the barangay and provide easy accessibility to clean water after testing the water potability.

At present, the water provider cannot adequately supply the needs of the residents, hence, the deep well requested is an alternative water source which will be erected strategically at Purok 1, 2 and 3 of the said barangay and will cater more than 300 households. The estimate cost for the installation of the three (3) deep wells with jetmatic hand pump amounting to Php 320,000.00:

Attached herewith are the inspection report with pictures and the estimate for the installation of the requested deep wells.

For your reference and appropriate action.

Thank you.

24-4712 Very truly yours,

FORWARDED TO
